

COMMUNISM AT BERKELEY

(Continued from Page 3)

ornia's Berkeley campus.

In their report No. 259, published April 3, 1959, the House Committee on Un-American Activities discussed Eli Katz in this manner: "Katz is a member of the District Council, Communist Party, Southern District of California. He was a delegate to the Los Angeles County Communist Party convention on January 5-6, 1957, and to the California State Convention, Communist Party, on January 19-20, 1957 . . . Katz appeared as a witness before the committee on September 4, 1958, and invoked the fifth amendment in response to questions concerning Communist Party membership and activity."

At a luncheon meeting held on April 17, 1964, the subject of Eli Katz was brought before the University of California's Board of Regents by University President Clark Kerr. The minutes read in part: "He advised that a responsible Federal agency has reported that Katz is considered to be a Communist, but the matter of membership in the party is such that it does not permit them to make a public statement concerning the case."

The Budget Committee of the University of California reviewed the academic qualifications of Eli Katz, and reported on January 9, 1965, that his work was mediocre, represented duplication of effort in the field, contained errors of fact, and that not much in a scholarly way could be expected from him.

University Chancellor Edward Strong had talked to Eli Katz and as of September 24, 1964, was not satisfied that he could be rehired in view of the University policy against employment of Communists. However, on January 2, 1965, the Chairman of the University's Board of Regents informed Chancellor Strong that he could either resign, be dismissed, or accept an indefinite leave of absence. (Letter of Chancellor Strong, February 9, 1965). Chancellor Strong had refused to give in to the demands of the so-called "free speech" demonstrators in December, 1964, and was replaced "because of health" on January 3, 1965, by Acting Chancellor Martin Meyerson.

By May 10, 1965, Meyerson had reversed the position of former Chancellor Strong and was ready to rehire Eli Katz without any further discussion of his academic and political background as described above. The local press reported on December 18, 1965, that Eli Katz had decided to accept the offer to return to the Berkeley campus of the University of California as Assistant Professor of German, effective July 1, 1966.

Martin Meyerson is slated to become president of the Buffalo campus of the State University of New York later this year. According to a study released on May 14, 1966, by the American Jewish Committee, not one president picked out of an estimated 1,000 vacancies at publicly supported colleges and universities since 1949 was a Jew. Martin Meyerson will become the first breakthrough in the New York system, although one third of the students and faculty are Jewish. (New York Daily News, May 15, 1966).

One cannot help but wonder whether or not the Buffalo campus of the New York State University, like the Berkeley campus of the University of California, will now become encumbered and "heavy laden" with the likes of Professors Wofsy, Kamen and Katz?

ARTHUR J. GOLDBERG, U.S. representative to the U.N., at a meeting of the U.N. economic and social council July 6, 1966, announced the United States would sign the International Convention on the elimination of all forms of racial discrimination adopted last December by the U.N. general assembly.

Goldberg described the convention, or treaty, as being in accord "completely with the policy of my government and the sentiments of the overwhelming majority of our citizens."

The treaty states: "All human beings are equal before the law and are entitled to equal protection of the law against discrimination and against any incitement to discrimination."

The treaty defines racial discrimination as any attempt to deny full enjoyment of human rights and fundamental freedoms for reasons of race, color, descent or national or ethnic origin, which "enjoyment" extends to the political, economic, social, cultural or any other field of public life.

According to U.N. officials, twenty nations have already signed the convention. Goldberg will sign for the U.S.

So the UNITED NATIONS, the illegitimate government of the United States, will accomplish throughout the entire nation what the New Jersey and other state legislators have been unable to do. Is Arthur J. Goldberg speaking for you when he says this treaty is in accord with the "overwhelming majority of our citizens"?

The treaty will not become effective until it has been ratified by the United States Senate. Judging by past performance of the majority of our Senators, no time will be lost in ratifying this treaty, thus paralyzing all effective opposition to the diabolical Marxist forces destroying this nation.

Let your Senator know how you feel and that Arthur Goldberg is definitely NOT speaking for you. Will you remain silent while traitors annihilate you, your dignity, your personality, your right to live? What ever happened to the "discriminating person" so admired up until a few years ago? The right to discriminate is a basic right inherent in man. For a Christian, it is not just a privilege, it is a moral duty to discriminate.

TO SIN BY SILENCE WHEN WE SHOULD PROTEST, MAKES COWARDS OF MEN.

FEDERAL RESERVE CONSPIRACY by Eustace Mullins. (Fourth Reprinting). A daring expose' of plot behind passage of Federal Reserve Act of 1913, which meant the abdication of Congress and the creation of the money trust placing the nation's banking reserves in the hands of the Jewish International Banking Mafia for the purpose of carrying out their nearly fulfilled world dictatorship plan. The book purports to show that this Zionist money power brought on two world wars, created two depressions, and led us directly into our present world crisis.

Communist Fronter Heads N.Y.C. Civilian Police Review Board

New York papers recently carried the names of Mayor Lindsay's newly appointed civilian Police Review Board. The news was shocking.

This civilian dominated and controlled review board will destroy police efficiency and bring about a complete breakdown in law and order. **ALGERNON D. BLACK**, who was recently appointed chairman by Mayor Lindsay, was born in New York of Russian Jewish parents. His father's name was Bal-lachowsky. He is a board member of the CONGRESS OF RACIAL EQUALITY (CORE) and the NATIONAL ASSOCIATION FOR THE ADVANCEMENT OF COLORED PEOPLE (NAACP), and belonged to at least 60 Communist Fronts.

There is no question but that the NAACP is a Marxist Front. As to CORE, (an offshoot of the FELLOWSHIP OF RECONCILIATION, a cited front) the following words of Sen. James O. Eastland, spoken on the Senate floor, July 25, 1961, best describe it: "The movement (Freedom Riders descending on the South) was directed by an organization called CORE. This organization is the war department of those who sell hate, collect donations and sow the seeds of discord in this country. Since its inception its creed has been lawlessness, its tactics have followed the pattern set by Communist agitators the world over . . . In my judgment one of its objectives has been to raise money from the dupes for the International Communist conspiracy."

Algernon Black, the man who has been selected by the Marxist-Zionist dominated Mayor of New York, John Lindsay, to serve as Chairman of a Civilian Police Review Board, can be counted on to deal out justice in true Talmudic fashion. The other civilian members of the Board consist of two Negroes, who have been active in the civil rights movements, and a Puerto Rican.

JEWS SAY SO

"All through history the spirit of the Jews has been revolutionary and subversive, but subversive with the idea of constructing over ruins." — A. S. Rappaport, in "Pioneers of Revolution," 1918.

THE PROBLEM IS STILL WITH US!

"All the perplexities, confusion, and distress in America arise, not from defects in their constitution or confederation, not from want of honor or virtue, so much as from downright ignorance of the nature of coin, credit, and circulation."

— (John Adams in a letter to Thomas Jefferson).
